

**What do you
call a number
that can't
keep still?**

**Why do
mathematicians
like parks?**

**How does a
ghost solve
a quadratic
equation?**

**What did
the triangle
say to the
circle?**

**A Roamin'
Numeral**

**Because of
all the
natural logs**

**By
Completing
the Scare**

**You're
Pointless!**
