

Broken Circles

Supplies: The resource monitor should distribute one envelope to each student in the group. Each envelope contains 2 or 3 pieces to a puzzle. These envelopes should not be opened until you are directed to do so by your teacher.

Objective: The object of this exercise is to put these pieces together in such a way that each member in your group ends up with a complete circle.

Rules:

1. No talking. This exercise must be completed in total silence.
2. No pointing or hand signals of any kind may be used.
3. Each player must put together his or her own circle. No one else may show a player how to do it or do it for him or her.
4. You may not take a piece from another player, but you may give your pieces, one at a time, to any other members of your group, and other group members may give pieces to you. You may not place a piece in another person's puzzle; players must complete only their own puzzles. Instead, hand the piece to the other player, or place it beside the other pieces in front of him or her.

Norms:

- Pay attention to what other group members need.
- No one is done until everyone is done.
