

FRACTION DOMINOES

Use a full set of dominoes without the 0:0 tile. Considering the other tiles as fractions, place the dominoes in the puzzle so that each equation is true.

$$\begin{array}{ccccccc} \square & + & \square & = & 2 \\ \square & + & \square & + & \square & = & 3 \\ \square & + & \square & + & \square & + & \square & = & 4 \\ \square & + & \square & + & \square & + & \square & = & 5 \\ \square & + & \square & + & \square & + & \square & + & \square & = & 6 \\ \square & + & \square & = & 7 \end{array}$$
