

SOCS Practice

Vineyards. The histogram shows the sizes (in acres) of 36 vineyards in the Finger Lakes region of New York. Write a brief description of this distribution (shape, center, spread, unusual features).

Sugar in cereals. The histogram displays the sugar content (as a percent of weight) of 49 brands of breakfast cereals.

Neck size. The histogram shows the neck sizes (in inches) of 250 men recruited for a health study in Utah.
